

Virtual CIO Service

With our Virtual CIO (Chief Information Officer) Service there is no longer a need to hire expensive independent consultants to help you solve your IT problems. Instead, On Call Computer Solutions LLC has qualified CIO's on staff ready to meet with your management to help you make important technology related business decisions whenever you need us.

Our CIO's understand how to work within budgets, balance priorities, and maximize technology within your business. In addition if you are looking to innovate or streamline part of your business just schedule a meeting with your virtual CIO and get some advice.

The job of our Virtual CIO's is to stay on top of the cutting edge of technology and business trends and always come prepared with all of the tools necessary to help our clients advance their business to the next level and create competitive advantages.

In addition all virtual CIO meetings are held in the strictest of confidentiality and can be held either at your office or in our executive conference room. Best of all, our virtual CIO service is free of charge with your monthly service agreement!
