

Growth Team Superstars

This is a very special page in our website where we get to thank some very special people who have helped us to grow our business recently.

On Call Computer Solutions was started over five years ago and since that time has transformed from a small computer repair enterprise into a complete full service computer repair and IT consulting firm servicing residential, micro, small, and medium sized businesses.

We have been able to experience exponential growth only through our vast network of referrals and recommendations.

As a company alone we cannot grow, however with the help of those who refer us, also known as our "On Call Growth Team," we grow exponentially stronger every day. From all of us at On Call Computer Solutions we want to say to all of our Growth Team Superstars: Thank You.

Jen Skomp - Regions Bank

Dennis Scarry - Quickbooks Coach LLC
